Work Session #3-4

What should get done?

- Complete the itinerary/route worksheet.
- Share your group information and progress by visiting http://cityschoolmath.pbwiki.com and then following the Vermont Bike Trip Project link. Make sure to edit your team page.
- Map your route using online mapping application (Mapquest, Google Maps) Check out the resources on the webpage to find a link to these resources. Add your map to your wiki page.

- Using www.bubbl.us brainstorm a list of items you will need for your bike trip. I have created an account – Username: VTBikeTrip; Password: city. Make sure to save your work so you can access it later.
