

Work Session #5

11/26/07

What should get done?

1) Assign Roles -

- a. **Web Master** - This job will include the task of being in charge of the web page for the group. He/She will need to make sure the page is correct and includes all information.
- b. **Navigator** - This job will include mapping out the route and figuring out how long the trip will be. The itinerary worksheet should be completed.
- c. **Book keeper** - This job will include figuring out the price of supplies for the trip, coming up with the cost per person of the trip, and creating a budget.
- d. **Promoter** - This job includes organizing a promotion and/or presentation for the group. Create a plan for promoting your groups work.

2) Check previous work session handouts for complete details. Below is a list of things that should be done.

- Complete the itinerary/route worksheet.
- Share your group information and progress by visiting <http://cityschoolmath.pbwiki.com>
- Map your route using online mapping application (Mapquest, Google Maps)
- Using www.bubbl.us brainstorm a list of items you will need for your bike trip.
